

NASHOBA Pride

The Nashoba Regional High School community works together to achieve high intellectual and ethical standards while discovering and developing the gifts and talents of all. Each member of our school community recognizes his or her role and responsibility in creating a learning environment based upon respect, trust, teamwork and enthusiasm.

Jeremy Roche, Principal

Volume 11 Issue 3

November 2009

From the Principal's Desk

MCAS Results:

I am pleased to announce that NRHS students again have performed extremely well on the MCAS. Overall, our students were highly successful in the areas of science, mathematics, and English. Students in the Commonwealth of Massachusetts are required to achieve Proficient or better on the English and mathematics MCAS tests. They are also required to pass with a Needs Improvement or better on one of four possible science MCAS exams.

In large part due to the efforts of our student and teachers, the results were excellent. 92 percent of the current juniors received either Advanced or Proficient on the English Language Arts and Science tests while 90 percent achieved either Advanced or Proficient on the Mathematics test. We are certainly happy with the results; however, we recognize there is much work to be done.

Our teachers are currently devising MCAS action plans to address the curriculum or instructional areas where we can make improvement. Each test is analyzed inside and out in an effort to identify trends that will help us guide our improvement efforts. In addition, we are working diligently to identify students who performed at the Needs Improvement or Warning on the 8th grade MCAS to ensure that we have plans for success in place. Education Proficiency Plans (see October newsletter for details) for those students who need them have been mailed, and the plans have been initially implemented.

Clearly, MCAS is just one of the many factors that help schools determine a student's understanding of key concepts and ideas; nevertheless, it is a testament to our students and teachers and the support that they receive at home that our school demonstrates high levels of success on this state benchmark.

Boston.com link:

<http://www.boston.com/news/special/education/mcas/scores09/results/nashoba.htm>

H1N1 information:

Please refer to the District web site for information, advisories, and precautions regarding the seasonal and H1N1 flu. The link that contains the most up-to-date information can be accessed at the following link: <http://www.nrsd.net/index.php?id=232>. We appreciate your attention to these advisories.

Parent Satisfaction Survey Results Available Online:

Please take a moment to review the Parent Satisfaction Survey results. The survey, which was developed in conjunction with the NRHS School Community Council, was launched last June and over 120 parents provided valuable input. The results have been posted to the NRHS website. In addition, there is an overview statement which summarizes the findings of the SCC. We appreciate the care and concern that our community places on the importance of an exceptional education. We look forward to additional feedback throughout the school year. Follow the link to the results and overview statement: <http://nrhs.nrsd.net/index.php?id=53>.

Lockdown Procedures:

In an effort to ensure the maximum safety for our entire school community, the high school conducted a "lockdown drill" on Wednesday, October 21st. Much like the fire or bus evacuation drill procedures, the lockdown or crisis plan drill enables our school emergency personnel to have a better understanding of the details of our school security. We make the necessary modifications to our procedures after a drill so they are even more effective.

Our lockdown drill is done in conjunction with the Bolton Police and Fire Departments. We value their expertise in helping to inform our process in order to better provide for a safe, secure environment. Please feel free to discuss the lockdown drill with your son(s)/daughter(s). Our primary responsibility is ensuring that we have a safe learning environment and this drill will enable us to make corrections and improvements to that purpose. We will likely conduct an unannounced lockdown drill later in the school year to fur-

(Continued on page 2)

ther expand our ability to recognize our level of crisis management readiness. We support your understanding of this process and welcome any questions or concerns.

Child Find and Section 504:

Nashoba Regional School District is required under Section 504 of the Rehabilitation Act to conduct a child find of students who have a qualifying disability or who are suspected of having a qualifying disability that would make them eligible for accommodations and/or services as prescribed by Section 504 and determined appropriate by a "504" team at your child's school. Additionally, please note that 504 plans should only run for the school year and any plans that were written in June will be reviewed annually with the student's current set of teachers. That plan will end in June. The 504 plan should include what the accommodations are, who is responsible for implementing them, and what indicators of success would suggest revising the accommodations over time. Please contact Jeremy Roche, the Section 504 coordinator for NRHS, or your child's guidance counselor for more information.

National Merit Scholarship Semifinalist and Commended Students:

Fourteen students from our senior class have achieved Commended Students status in the National Merit Program which evaluates all of the PSAT scores from this graduating class's national cohort. They are as follows: Grace Connor, Adrienne Cummings, Justin DeBenedetto, Sam Frawley, Lars Gjestebj, Christopher Haid, Yivan Jiang, Harold Kirkpatrick, William Latimer, Bradley Lewis, Joseph McGillicuddy, Ryan Nicoll, Emily Trudeau, and Brent Walkoff. This is quite an accomplishment for all of the students and one that can be shared with excitement by the entire school community.

To grasp the magnitude of this distinction, it is important to evaluate the data. Commended students are in the top 50,000 finishers in the nation. When one considers that over 1.5 million students from the class of 2010 took the PSAT, that highlights the magnitude of this achievement. Additionally, our students compete with their peers from Massachusetts, which ranks in the top of the nation for PSAT results. This makes the achievement all that more impressive. We congratulate the students, the teachers they have had along the way, and the overall community that has supported their endeavors.

To understand the program more fully, please review the attached link: <http://www.nationalmerit.org/nmsp.php>.

Nashoba Math Team places 3rd at First Varsity Meet

The Nashoba Math Team is off to a great start this year. Looking to better last year's 5th place finish, the team battled Algonquin to take 3rd place in the first varsity meet of the season, behind 1st place Westborough and 2nd place Worcester Academy.

Five hundred students from 35 public and private Worcester County schools competed in the Worcester County Math League (WOCOMAL) meet. Twenty-three Nashoba students competed with seven students finishing in the top 50 rankings. Freshman, Sorin Vatasoiu, turned in a perfect score and ranked 9th in the field of 500 competitors. Another six students turned in high scores to rank in the top 10% of all the competitors. These students included: Oliver Jenkins - 17th, Steven Tang - 26th, Caleb Wisch - 28th, Thomas Granger - 35th, Zach Wassall - 36th and Cam Hewett - 47th.

We are looking forward to the first Freshman meet on November 4th where Nashoba will defend its League Champion title that it has held the last two years. It's not too late to join the Freshman or Varsity math team. If you know a student who is passionate about math and would like to have fun problem solving with like-minded students, have them speak with our coach, Ms. Redford. We practice every Monday after school in room 103 from 2:30 – 3:30.

Nashoba Math Students Win WPI Scholarships at Math Meet

WPI hosted 350 students in four-student teams at the 22nd annual WPI Invitational Math Tournament on October 21st. Students represented 90 public and private high schools from Massachusetts, Maine, New Hampshire, and Rhode Island. Some of the best math talent in the New England states was represented at this meet and

(Continued on page 3)

Nashoba finished a strong 8th place out of the 90 teams. The Nashoba team members were: Thomas Granger, Josh Herbison, Zach Wassall, and Caleb Wisch. The team's 8th place finish earned each member a \$500 scholarship to WPI. The top scorer from each school won a \$1,000 WPI scholarship, Thomas Granger was the top scorer from Nashoba.

The November Harvard/MIT Nashoba Math Tournament Team Wants You!

Do you like solving tough math problems? Do you want to spend a Saturday in Cambridge with other Nashoba students who are passionate about math? We still have a few slots open on the Nashoba Harvard/MIT Math Tournament teams. The fall tournament is open to schools within 75 miles of Cambridge and the problems are less intimidating than the February tournament. So check your schedule for Saturday, November 7th and come sign up with Ms. Redford in room 103. This is open to **ALL** Nashoba students; you do not have to be on the Math Team to participate in the Harvard/MIT Tournament – you just have to like math and want to see how you stack up against other math students in the greater Boston area.

Recycle Your Used and Broken Electronics

DECA is conducting a recycling fundraiser. There's nothing to buy. We are simply asking you to protect the environment by donating your used cellular phone(s), ink jet cartridge(s), laptop / notebook computer(s), iPod(s), digital camera(s) and digital video camera(s). Your used item(s) may be tax deductible and will be recycled in accordance with EPA regulations or refurbished and sold. 100% of the proceeds will help fund DECA.

We greatly appreciate your support! Paula Fontaine, DECA Advisor, (978) 779-2257, pfontaine@nrsd.net

Glogster Visits Nashoba

Poster board, pictures, typed paragraphs of important facts and figures, scissors, glue... it sounds like project

time again. Well, here's a new twist. Make an interactive, digital poster on the Web using Glogster. Glogster is an educational resource for innovative and interactive learning. Glogster was conceived to imaginatively, productively, and collaboratively respond to the dynamic educational landscape and exceed the needs of today's educators and learners. Educators from all over the world are integrating Glogster's resourceful platform to make traditional learning more dynamic, more interactive and more in tune with learners today.

Nashoba hosted a group of visitors from Prague, Czech Republic last week. Our guests included Jim Dachos, Education Manager for Glogster in Boston, along with Tomas Plojhar and his development team. The Glogster Team met with two classes (Linda Offt's Intro to Video Class and Michelle Hoover's Freshmen English class) to preview multimedia posters created by students and to receive student input for the new release of the next Educational Version of Glogster. Our guests were greeted by Principal Jeremy Roche, and School Integration Specialist, Mary Marotta, who coordinated the visit. The Glogster Team was excited to have the opportunity to experience first hand the application of Glogster in the classroom. Our students were equally excited to give their feedback to the team that developed the program.

Holidays for High Schoolers

No it's not too early to be thinking about this! It is often said that Christmas is for kids, yet even those who have outgrown Santa still dream of finding a gift or two under the tree. But not all families have the means to buy gifts for older children, and not all "giving" programs serve teenagers. "Holidays for High Schoolers" is a compassionate effort by the adult community of the Nashoba Regional High School to bring a little Christmas joy to those who might otherwise go without a gift. Student selection is

(Continued on page 4)

discreet and completely confidential. No names are used. Contributions are collected by the school nurses to insure anonymity. Holidays for High Schoolers is in its eighth year. It has been tremendously gratifying to witness the community's efforts to share with high schoolers who, like younger children, are touched by the generosity inspired by the spirit of the season.

To make a donation, send checks made payable to: "Holidays for High Schoolers"

Send to: The School Nurse
Nashoba Regional High School
12 Green Road
Bolton, MA 01740

For more information, contact the school nurses @ 978-779-2257 x1.

NOTES FROM THE NURSE:

Winter is here for our student drivers. We have some words of wisdom and caution for their safety.

****Driving Tips for Teens:**

- Always wear your seat belt--and make sure all passengers buckle up, too.
- Adjust your car's headrest to a height behind your head--not your neck--to minimize whiplash in case you're in an accident.
- Never try to fit more people in the car than you have seatbelts for them to use.
- Obey the speed limits. Going too fast gives you less time to stop or react. Excess speed is one of the main causes of teenage accidents.
- Don't run red lights.
- Use turn signals to indicate your intention to turn or to change lanes. Turn it on to give the cars behind you enough time to react before you take the action. Also, make sure the signals turn off after you've completed the action.
- When the light turns green, make sure the intersection clears before you go.
- Don't drive like you own the road; drive like you own the car.
- Make sure your windshield is clean. At sun rise and sun set, light reflecting off your dirty windshield can momentarily blind you from seeing what's going on.
- Make sure your car has gasoline in it. Don't ride around with the gauge on empty--who knows where you might get stranded.
- Don't drink and drive, and don't ride with any-

one who has been drinking. Call parents or friends to take you home if you need a ride.

****Driving in Bad Weather:**

- Turn your headlights on anytime you need to turn your windshield wipers on--in rain, fog, sleet, freezing rain, or snow. It will help your visibility--and also help other drivers see you.
- If driving a white car during snowfall or after the snow has fallen, your car may be camouflaged by the snow. So turn on your headlights and make it easier for other drivers to see you.
- In winter, keep an ice scraper with a brush in your car in case it snows or sleets. Also check that you have wiper fluid/de-icer in your car.
- Double or triple the space you normally leave between you and the next car in wet weather. You'll need even more space to stop (up to ten times as much space) on slick roads.
- Brake gently
- Make sure your exhaust tail pipe is clear if you've had to dig your car out of snow or ice or if you've backed into a snow bank.
- When driving on slippery surfaces like ice or snow use gentle pressure on the accelerator pedal when starting. If your wheels start to spin, let up on the accelerator until traction returns.
- Check that windshield washer works--you may need it in snow and sleet.
- Watch out for severe weather warnings before you drive. If a strong storm come on while you're on the road and it's raining too hard to see, try to find a safe place to pull over until the worst of the rain is over.
- Listen to radio traffic reports and adjust your travel plans accordingly.
- Keep windows and windshield clear. Make sure wipers are working.
- Leave a window open a little bit to keep windshield from fogging up and to give you fresh air.
- Watch for danger spots ahead. You've probably heard that bridges and overpasses may freeze before the roads do.
- When starting out in bad weather, test your brakes to see how far it takes you to stop.
- If you are stuck in ice or snow, try putting your floor mats under the edge of the tires to give them traction.

(Continued on page 5)

☐ Don't use cruise control in wet or slippery conditions.

For additional tips visit: Teendriving.com

Please drive safe, smart and defensively!

Your nurses: Mrs. Sullender, Mrs. Driscoll, and Ms. Rivera

Basic Rights & the Evaluation Process at SpED PAC

The Nashoba District SPED PAC presents the **Basic Rights** workshop on Wednesday, November 18th at 7:15 pm at Nashoba Regional High School in the ASC. This workshop will outline the evaluation process and provides families with an introduction to their rights and responsibilities under the Individuals with Disabilities Education Act (IDEA) and other legislation. The presenter is Sandra Osborne of the Federation for Children with Special Needs.

The SPED PAC offers presentations on a variety of subjects and provides a forum for interaction with other parents, professionals and community members who have experience with children with special needs. The January 20th meeting will address Speech and Language Skills and March 24th features "Parenting Children with ADHD: A Little Humor Goes A Long Way."

The group posts information from other organizations on the [NRSB Special Education NEWS page](#). Check this site and the [NRSB.net SPED PAC page](#) for more information as it's available. Also visit the SPED PAC site: <http://sites.google.com/site/nashobaspedpac/>. To be added to the monthly email distribution, please contact Joan Finger at zootergroup@rcn.com or (978) 337 5132 or (978) 779-6046.

Soccer and Basketball

Join us for the last few soccer sessions or for basketball beginning in January. Nashoba Unified Sports pairs typical athletes with special athletes to help children gain sports skills and social connections. Come, check it out!

Student volunteers and special athletes are welcome. Soccer practices are held at Pompositticut School on Sunday afternoons from 2:30 to 4 pm until November 8th.

Basketball will begin on January 10th at Emerson School in Bolton. For more information or to express interest, please contact either Bob Moalli bmoalli@comcast.net or (978) 985-0038 Joan Finger at zootergroup@rcn.com.

Friends of Music News

Music Car Wash Fundraiser Postponed

Unfortunately, New England weather did not cooperate for the annual NRHS Friends of Music car wash fundraiser scheduled for October. Watch the NRHS newsletters for a new date in the spring.

Friends of the Arts Ad Campaign

Per Co-chair Kathy Quirk, we're on track to make our \$10,000 goal this year! Many thanks to local businesses for their ads and to music and drama families for their family sponsorships!

UMass Band Day

26 band members attended the University of Massachusetts Band Day on September 26th. It was a great day for everyone!

Marine Band Concert

The Marine Band performed for a packed house at Nashoba last month. Students were amazed at the unbelievable concert provided by the band. The Friends of Music provided much appreciated refreshments for our Marine guests.

Central District Auditions

Auditions for the Central District Massachusetts Music Educators' Association (MMEA) Festival are being held this month. Students who registered by the October deadline will audition for the opportunity to participate in a concert at Worcester's Mechanics Hall on Saturday, January 16th. Jazz Band students will audition on Thursday, November 5th, and Concert Band, Orchestra and Chorus students audition on Saturday, November 21st. Good luck to all the talented NRHS students who will be participating in the auditions!

Mark Your Calendar

The first concert of the year will be the *Jazz Concert* on Friday, December 4th. The Intermediate and Advanced Jazz Ensembles will both perform. The *Choral Holiday Concert* will be held on Thursday, December 17th. Jazz and Choral concerts will both be held in the NRHS Auditorium at 7:30 pm. Admission is \$5 per person. There is no charge for students or senior citizens at either concert.

New FOM Website Operational

Thanks to Shayna and Karen Cummings, Friends of Music has a new website! Check it out at www.NashobaMusic.com.

Next Meeting November 10th

The next Friends of Music meeting will be held on Tuesday evening, November 10th in the chorus room at 6:30 pm. All parents and

(Continued on page 6)

interested community members are welcome to attend. If you are unable to attend the meeting but would be willing to help with a concert, work on a fundraiser, or chaperone an event later in the year, please let us know at info@nashobamusic.com or by calling 978-897-2461. If you would like additional information, visit our new website, www.NashobaMusic.com.

November Friends of Drama News

Thanks to all our sponsors and our many parent volunteers who made our Arts Ad Campaign a great success again this year! Nashoba is able to provide the community with first-rate entertainment each year through the support of many local businesses, families, and friends of the performing arts at Nashoba Regional High School. By purchasing ads for drama and music programs, the Friends of the Arts have contributed to the efforts of the students who work diligently to sing, play, act, dance, and work behind the scenes to produce the wonderful music and drama productions for which Nashoba is known. Please support our advertisers – we couldn't do it without them!

Production for the fall play, Charles Dickens' *A Christmas Carol*, is underway. The students, along with Bill Grady, are excited to present this classic tale in November. Advanced tickets can be ordered using the form found elsewhere in the newsletter. Children under five are FREE!

Class Play directors and producers have been chosen. Production will begin after performances of *A Christmas Carol*. The Class Play Competition is always popular, and class play participation is open to all who are interested! Be on the lookout for more details, and please be ready to volunteer your support for your favorite class. Auditions will begin shortly after Thanksgiving.

The November Friends of Drama meeting will be on **Wednesday, November 4**, at 7 pm in the auditorium lobby. Please consider joining our efforts to provide a wonderful drama experience for Nashoba students. We hope to see you there! www.NashobaDrama.com

NRHS Endowment Board Seeking Members

Since 1999 NRHS Endowment Board has directly contributed to the educational experiences of Nashoba students by funding valuable programs and materials that would not otherwise be supported by the regular school budget. Each year the

board approves grants requested by the NRHS community to fund a variety of enrichment programs including software that supports specific academic disciplines, scientific and multimedia equipment, the summer reading program, student-created murals, a greenhouse for the science department, and start-up funding for the school

newspaper, robotics, biotechnology, environmental science, and photography clubs.

The NRHS Endowment Board is a non-profit, tax-exempt organization that meets approximately five times a year to solicit funds and review grant applications. With minimal effort by a small group of volunteers, the Endowment board helps provide enriching educational opportunities that benefit all students at our high school. In order to continue to make a difference, our committee needs a few new volunteers from Bolton, Stow, and Lancaster. Please consider donating some time to this worthwhile organization that truly benefits every NRHS student. Join with a friend! The experience is rewarding and the efforts relatively minimal. To learn more, contact Christel Conlin at christelc@comcast.net or Peggy Harvey at pharvey2@comcast.net. Our next meeting is tentatively scheduled for December 17, 2009.

If anyone has a working clothes dryer they would like to donate for use by the EMT program, please contact Mrs. Hilliger in the office.

When jackets/vests get used on a call, they need to be cleaned. At this time, the ambulance crew has to let items air dry after washing.

A Christmas Carol

Make plans now to see, A Christmas Carol, at Nashoba Regional High School! While tickets are available at the door, you can avoid long lines by ordering tickets in advance.

This delightful classic tale was originally written by Charles Dickens in 1843 and tells the tale of a money lender miser, Ebenezer Scrooge. On a cold Christmas Eve, he is haunted by the ghost of his former partner, Jacob Marley. Marley warns Scrooge of a visit by three spirits who will visit him in an attempt to turn his sour, heartless ways around. In the end, Scrooge finds the true meaning of kindness, generosity and goodness. Movies and stage versions abound of this family classic. The Nashoba Drama Society now offers it to you.

We are offering advanced ticket orders for performances FRIDAY and SATURDAY, November 20 & 21 at 7:30 PM, and SUNDAY, November 22 at 2:00 PM. Don't miss this vintage classic!

As a special gift to you, children 5 and under will be admitted for free to A Christmas Carol.

To order tickets, simply return the order form below via the mail or place in the Drama mailbox located in the Nashoba Regional High School main office. Be sure to indicate the performance date(s) and the number of adult and student tickets on the order form, and your check (made payable to "Nashoba Friends of Drama"). Tickets and seats are on a first-come, first-served basis. It is wise to purchase tickets early, and to arrive in time to find the seats you desire.

Advanced ticket orders will be returned to you via mail if you include a self-addressed stamped envelope. All advanced ticket reservations received after Monday, November 16 will be held at the door. If you have any questions, please call Lynn at 978-779-6225. Thank you.

Send form to: Nashoba Friends of Drama, PO Box 492, Bolton, MA 01740
www.nashobadrama.com

NASHOBA

Regional School District

Dear Parent or Guardian:

10/16/09

This letter is to let you know about the Body Mass Index (BMI) Screening Program that is currently happening at your child's school.

A Body Mass Index, or BMI, is a measure that is used to show a person's "weight for height for age." It is calculated using an individual's height and weight. Just like a blood pressure reading or an eye screening test, a BMI can be a useful tool in identifying possible health risks.

The purpose of the BMI Screening Program is to give you information about your child's weight status and ideas for living a healthy life. In NRSD we address our children's health and wellness with a comprehensive approach that includes health screenings, Physical Education and Health and Wellness classes.

Massachusetts schools have taken heights and weights of students each year since the 1950's. According to the state's new BMI screening regulation which passed in April 2009, schools must now collect the heights and weights of students in grades 1, 4, 7 and 10. Each child's height and weight will then be used to calculate their BMI. The results will be mailed home or directly communicated in writing to you.

The school nurse in coordination with the Health and Wellness Department will be conducting your child's screening and will make sure your child's privacy is respected at all times. The results of your child's height, weight, and BMI measurements are strictly confidential – the results will be kept in your child's school health record and given to you directly by mailed informational pamphlet.

A BMI does not tell the whole story about your child's health status. BMI does not distinguish between fat and muscle. For example, if a child is very athletic and has a lot of muscle, his or her BMI may be high even though he or she is not overweight. That is why we encourage you to share the results with your child's health care provider. Your child's doctor or nurse is in the best position to evaluate his or her overall health and can explain the results of his or her BMI screening. They can also talk with you about whether there are steps you can take to encourage healthy eating and physical activity.

We are very interested in making sure that all our students are healthy. This year, the BMI screening will be conducted in October and November at the High School. All children in grades 1, 4, 7 and 10 will have their height and weight measured and will have their Body Mass Index (BMI) calculated.

Please feel free to call us at 978-779-2257 Ext. 1 with any questions you may have about the BMI screening. Additional information about children's wellness and fitness is available upon request or you may access the state's resources at www.mass.gov/massinmotion/.

Sincerely,

Mrs. Driscoll, Ms. Rivera and Mrs. Sullender, your High School nurses

"Education is simply the soul of a society as it passes from one generation to another."

~G. K. Chesterton

Dear Parent or Guardian:

We all want the best for our children. They are our most precious gifts. When they first started elementary school we were filled with excitement and enthusiasm as they began their education. We contributed time and money when we were able, and we knew how important it was to provide a solid educational foundation.

Now our children are in high school, and their educational experience is more important than ever. These four short years will play a critical role in determining your child's future success. Acceptance to college is the most competitive it has been in history. A significant factor in the admissions process is the quality of the high school curriculum.

The NRHS Endowment Fund is committed to supporting enrichment programs and materials across all academic disciplines so that our children can benefit from the best education possible. Each year we fund many valuable projects and materials that would not otherwise be possible within the regular school budget. In recent years our support of grant requests for a greenhouse, a student newspaper, startup funding for the biotechnology club, multimedia technologies, advanced mathematical software, art supplies for student-created wall murals, funding to start-up the robotics team, math team and photography club, and funding for the summer reading program, have all helped enhance the educational opportunities for students at Nashoba Regional High School.

The NRHS Endowment Fund offers parents a unique opportunity to invest in the programs that directly support your child's education. Please consider sending a tax-deductible gift to the NRHS Endowment Fund at:

NRHS Endowment Fund
P.O. Box 184
Bolton, MA 01740

It takes more than students, faculty, and staff to make a great high school community—it also takes committed parents.

Sincerely,

NRHS Endowment Fund Board of Directors

Christel Conlin, Peggy Harvey, Gina Kovach, Ann Needle, Tracey Rhodes, AnnMarie Sivret, Laura Spear, Lynne Vittorioso

The NRHS Endowment Fund is a 501(c)3, non-profitable organization.
