Nashoba Regional High School is excited to announce an online student registration/data validation system for the upcoming school year, powered by InfoSnap. The system is a secure and green process, which allows the high school to verify all student demographic, emergency, and medical information for your student prior to the start of the new school year. The system will also allow you to electronically sign the annual permission forms for school policies. In short, this online process will replace most of the hard copy student registration and permission forms that your student brings home on the first day of school.

When it is time to fill out the online form, you will receive a letter/email from the high school with instructions on how to access the system for your student. The email will contain a link/instructions and a secure "snapcode" that links directly to your student's information. You will create an account, that you will use each year for this process, and submit a form for each student in your family. To make the process easier for families with multiple students, you will have the option to copy all generic family information to all other students in your family.

We would appreciate all families take action and complete these forms as soon as possible after receiving the letter/email. Your student's registration will not be complete until the forms have been submitted. If you do not have access to the Internet, contact your student's school and you can make an appointment to use a school computer to complete the process. If you have any further questions, please contact Nashoba Regional High School at 978-779-2257.
